Teacher _____ -

REFLECTION SHEET:

Zooming Through the Skies: Exploring Forces of Flight with Straw
Rockets

Label the rocket below: payload, fins, nozzle.

What is one thing you discovered that affected the launch of both rockets?

What is one thing your group could improve on your **first rocket's design** to create a further distance?

What is one thing your group could improve on your **second rocket's distance** using the launcher?

Explain any new learning that happened for you today?
